DETAILED ACTION

Election/Restrictions

1. Applicant's election of group I, claims 1-24 in the reply filed on 12/13/10 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. Newly submitted claims 1-24 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:
3. The application, as filed, claimed a feed composition, (claims 1-12) a feed composition for domestic mammals, (claims 13-24) and a method for producing the feed composition. (claims 25-32)
4. A restriction requirement was filed by the Office, and the applicant elected the feed composition, claims 1-24, as originally filed.
5. The claims, filed 12/13/10, are directed to a soybean meal, (claims 1-2) a soybean oil, (claim 3) a soy germ concentrate, (claims 4-9) a method of producing a soy germ concentrate, (claims 10-15) and a process for separating a cracked soybean stream. (claims 16-24). However the claims originally filed and for which an election was required, were directed to a feed composition, claims 1-24, and a method for producing domestic animal feed composition, claims 25-32.
6. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution

on the merits. Accordingly, newly submitted claims 1-24 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
